1. Summary of Significant Accounting Policies

<u>Organization and Purpose</u> - The Cultural Council of Greater Jacksonville, Inc. (the "Council") was established in 1973 to promote awareness and interest in the arts through programs such as arts education, advocacy and outreach, grants and funding, and other special projects. The Council is supported through city and state grants, memberships, and other grants and contributions.

Basis of Presentation - The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Net assets and revenues, expenses, gains and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets and the changes therein are classified and reported as follows:

<u>Unrestricted net assets</u> - Net assets that are not subject to donor-imposed restrictions.

<u>Temporarily restricted net assets</u> - Net assets and contributions subject to donor-imposed restrictions that may or will be met by actions of the Council and/or the passage of time. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported within the statement of activities as net assets released from restrictions.

<u>Permanently restricted net assets</u> - Net assets and contributions subject to donor-imposed restrictions that they be maintained permanently by the Council. Generally, the donors of these assets permit the Council to use all or part of the income earned on related investments for general or specific purposes.

1. Summary of Significant Accounting Policies - (Continued)

Contributions - All contributions are considered available for unrestricted use unless specifically restricted by the donors. Contributions are recognized when the donor makes a promise to give to the Council that is, in substance, unconditional. Conditional promises to give are recognized when the conditions on which they depend are substantially met. Amounts received that are designated for future periods or restricted by the donor for specific purposes are reported as temporarily restricted or permanently restricted support that increases those net assets.

<u>Contributions In-Kind</u> - Donated materials and services are reflected as contributions in the accompanying statements at their estimated fair values at date of receipt.

Property and Equipment - Donations of property and equipment are recorded as support at their estimated fair value. Such donations are reported as unrestricted support unless the donor has restricted the donated asset to a specific purpose. Assets donated with explicit restrictions regarding their use and contributions of cash that must be used to acquire property and equipment are reported as restricted support. Absent donor stipulations regarding how long those donated assets must be maintained, the Council reports expirations of donor restrictions when the donated or acquired assets are placed in service as instructed by the donor. The Council reclassifies temporarily restricted net assets to unrestricted net assets at that time. Purchases of fixed assets are recorded at cost.

The Council has adopted a capitalization policy of \$1,000.

<u>Functional classifications of expenses</u> – The Organization has recategorized the descriptions of functional expenses to better portray mission expenditures of the Organization. Accordingly, the prior year's expenses were recategorized for comparative purposes. These recategorized expenses did not affect reported financial position, results of operations, or cash flows.

1. Summary of Significant Accounting Policies - (Continued)

<u>Depreciation</u> - Depreciation is computed using the straight-line method over the estimated useful lives of the assets, which range from 3 to 7 years.

Donated Services by Volunteers - A substantial number of volunteers have donated significant amounts of their time to the Council. Amounts for these donated services are not reflected in the accompanying financial statements, as no objective basis is available to measure the value of such services.

<u>Income Taxes</u> - The Cultural Council of Greater Jacksonville, Inc. is a tax-exempt organization under Section 501(c) (3) of the Internal Revenue code. Accordingly, no provision for income tax is required. Management has evaluated the Organization's tax positions and concluded that the Organization had no uncertain tax positions that require adjustments to the financial statements.

<u>Use of Estimates</u> - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

<u>Cash and Cash Equivalents</u> - Cash and cash equivalents consist of cash on hand, deposits with banks, and other highly liquid investments with maturities at the time of purchase of 90 days or less.

2. Promises to Give

Promises to give consist of grants promised but not yet received. All amounts are expected to be collected within one year.

* Notes on DIA Grant Schedules

The Organization's DIA contracts on pages 24 and 25 include a maintenance component (5% of the contract) for future repairs. Concerning the Urban Art Façade and Streetscape Program Grant (see page 24), the Organization receives the maintenance component directly from the DIA and disburses it to the City of Jacksonville. Concerning the Water Street Garage Public Art Project (see page 25), the DIA sends the maintenance component directly of Jacksonville.

The maintenance funds for both grants are not part of the Organization's assets. The maintenance funds are reserved, retained, and controlled by the City of Jacksonville.
